GENERAL ORDINANCE, STORM WATER 2001-9

Storm Water Permit Application

For single & two-family homes and accessory structures located within 500 feet of a water body (wetland, lake, creek, pond, stream)

Permit Fee **\$300.00**

Permit SW _____

Date _____

Applicant Name & Address _____

Phone _____ E-mail _____

Property Owner _____
(If not the applicant)

Site Address _____

Parcel # _____ Development Name _____

Please circle zoning district: RR I PUD LR R-1 B-1 B-2 SITE CONDO

Body of water: Creek: _____ Lake: _____ Wetland Tributary Stream

Please attach:

- 1) Kent County Soil Erosion Permit if within 500' of lake or stream or if project is 1+ acre in size.
- 2) MDEQ permit for work in wetlands, in riverine floodplain, below OHWM, etc. An on-site meeting with the DEQ can be arranged to determine whether a DEQ permit is needed. Contact the DEQ for more information (616-356-0500).
- 3) Site plan with north-facing arrow showing all structures and topography at 2' intervals (REGIS may be used). Include existing and proposed finished grades. If grading has been done at the site since 2004, a recent survey must be submitted.
- 4) Proposed erosion control measures noted on site plan. Turbidity fencing may be required for lakefront lots.
- 5) For lakefront lots, a survey based on NAVD88 datum is required to determine the location of the 100-year flood elevation and legal lake level. Site plan must show lowest floor and minimum building opening elevations.

The erosion control measures must be inspected on site and approved before a building permit will be released.
